

Celebrate the first anniversary of GLS City Depot with us!

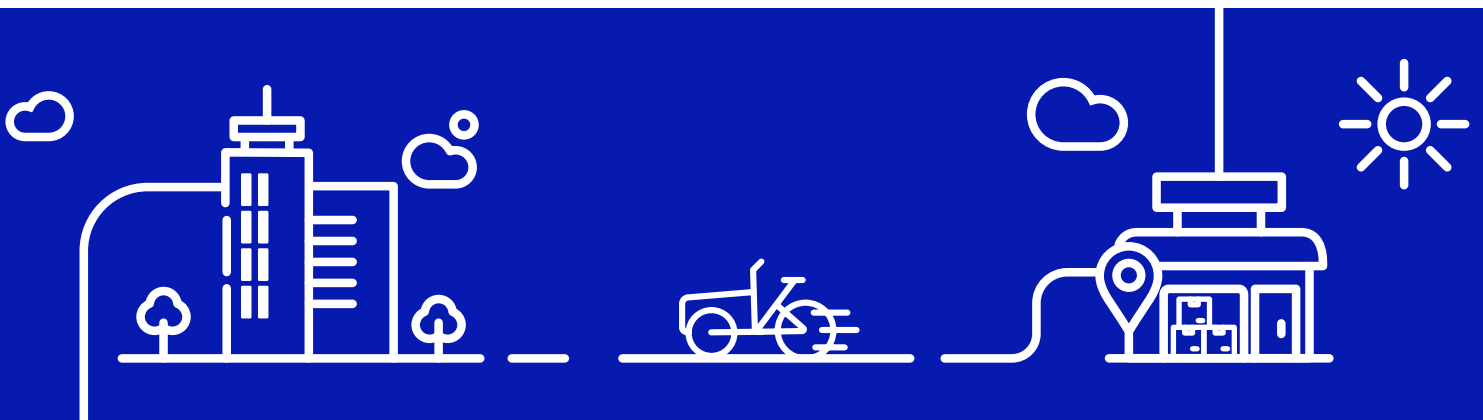

One year ago we opened the first GLS City Depot in Milan, an achievement that has given us the chance to respond more and more flexibly to market demands. **It is no coincidence that, in just one year, we have already opened several City Depots in many Italian cities!**

Thanks to our zero- or low-emission vehicles and strategic location in the main urban centres, we support Out Of Home delivery and offer services that meet the needs of all our customers.

At the City Depot, anyone can **send and receive parcels** easily and quickly. Our staff is always on hand to provide all the necessary information, advise on the most suitable services and support in choosing the best packaging.

Visit the dedicated page to discover your nearest City Depot and learn more about its services!
